

STATE ASKS CITY AID TO SECURE SWITCH TRACK

Would Haul Coal Over Railway Tracks

WANT NAME OF STREET CHANGED

At the meeting of the city council Monday evening a communication was read from Charles H. Thorne, director of the Department of Public Welfare, asking the council to assist them in getting facilities so that coal to Jacksonville State Hospital can be hauled by the street railway company.

Citizens of Cox street asked the council to take steps toward opening that street to Walnut street. They also asked that the council change the name of the street.

A number of sidewalk ordinances were given a first reading and laid over under the rules. An ordinance defining boundary lines of certain voting districts was also given a first reading and laid over under the rules.

When the clerk called the roll it showed all aldermen present except Alderman Moore, who was absent on account of illness. The minutes of the regular and adjourned meetings were read and approved.

Letters from officials of the Wabash and C. & S. L. railroad relative to repairing railroad crossings were read and received and placed on file.

Ask Council's Assistance.

A communication from Charles H. Thorne, director of the Department of Public Welfare, was read. It asked the council's assistance in securing switch track facilities so that coal and other supplies for Jacksonville State hospital could be hauled over the Jacksonville Railway Company's tracks.

Dr. L. Hill, managing officer of the institution was present and spoke briefly. He told of the work that is being carried on at the institution and also of what it is hoped to do in the future. Dr. Hill said it would be a big saving if the arrangement could be made and assured the council the state would be most happy if the desired result was brought about.

After discussion in which the members of the council made it clear that they were willing to do everything possible in the matter, Alderman Cain, seconded by Alderman Flynn, moved that the city council ask the Chamber of Commerce to assist in solving the problem. The motion carried.

Want Name of Street Changed.

A petition from property owners of Cox street was read asking the council to take steps toward opening the street to Walnut street on the north to give access to the street car line and also for drainage purposes. The petitioners also requested the council to change the name of the street to Cox street. The petition was referred to the Public Improvement Committee.

The council also adopted a resolution expressing the sympathy of the body to Miss Edna Wood, who was injured by the truck of the city light plant a few days ago.

Claims against the city were presented and all those properly approved were ordered paid.

Alderman Flynn, chairman of the sewer committee, reported that the sewer work was progressing but that the sewers were in bad shape and needed more help and a new wagon. Charles Race, who is in charge of the sewer work also spoke and said the catch basins were in bad shape.

Alderman Ehrie, chairman of the Public Improvement committee, said the small pox situation had cleared up and there were but few cases.

Must Cut Weeds on Lots.

Alderman McGinnis referred to the complaints about weeds in various parts of the city. He thought something should be done to have them cut. The matter was referred to the police department with power to act.

At this point Alderman Ehrie asked to be excused and his request was granted.

An ordinance defining boundary lines of certain voting districts was given a first reading and laid over under the rules.

Ordinances for a sidewalk on the east side of Hackett avenue from Independence avenue to Walnut street; on the east side of Caldwell street from Lafayette avenue to the Wabash railroad; on the north side of Walnut street from North Main street to Duolin avenue; on the south side of Center street from Johnson street to Green street, were given first readings and laid over under the rules.

Alderman Flynn again brought up the matter of wagons standing in the streets at night without any lights on them. The matter was referred to the city clerk to investigate and see if there was not an ordinance covering it.

FUSION CONFEREES STILL UNABLE TO REACH AGREEMENT

Labor Wing Issues Ultimatum as to Compromise

WALSH TAKES FLING AT BOTH OLD PARTIES

CHICAGO, July 12.—Amalgamation of the labor party and committee of 48 in a new party movement was threatened with failure tonight when the labor group adopted an ultimatum giving until 10 a. m. Tuesday for the forty eighters to show disposition to compromise.

Charging the committee of 48 is composed of intellectuals and "plutocrats" as "persuasive, subtle and slick as you make 'em," and "has spoiled the brains by delay," labor party delegates tonight voiced demands that their convention proceed with business tomorrow with or without the forty eighters.

Robert M. Buck of Illinois, said the "real men" in the 48 convention were the farmers and advocated adoption of the name "farm-labor" to bring the farm group of forty eighters into the labor movement.

Abraham Leftowitz, of New York, declared the labor group was no match for the "slick lawyers" in the 48 convention and that if conferences continued the forty eighters would come off victorious.

Walsh Is Caustic.

A vitriolic attack on the two major parties was launched this afternoon by Frank P. Walsh, Kansas City attorney, and former member of the war labor board, who spoke in behalf of freedom for Ireland. He assailed each old party and declared nobody "had expected anything from either party convention" and nobody was disappointed.

Discussing the merits of the two platforms he said the Republicans had drafted a "platform of evasion that is not worth consideration." The Democratic platform, he continued, "is the blackest pronouncement ever placed on the shoulders of our citizens. It even makes every crime of the present administration the crime of the whole Democratic party; it makes the party of Jefferson only a masquerader of the party of the people."

**PLAN FOR FARMERS
SELLING AGENCIES**

Will Be Considered at Meeting This Month—Co-Operative Marketing Will Reduce Cost of Living.

Chicago, July 12.—Plans for farmers' national selling agencies for grain and livestock, with a view toward curbing speculation and market fluctuations, will be considered at a meeting here July 23 and 24. It was announced today by J. W. Coverdale, secretary of the American Farm Bureau Federation. Invitations have been sent to farm organizations, grain dealers and livestock shippers' associations, the bureau of markets of the United States department of agriculture and marketing divisions of state agricultural departments and of agricultural colleges.

"If uniform plans of co-operative marketing result from this conference and are generally adopted by farmers a material reduction in the cost of living, together with a stabilization of prices, should ensue," a statement by the federation said.

**EXONERATED BY
CORONER'S JURY**

CHICAGO, July 12.—John F. Connery and Harry Lindquist, the latter a chauffeur for a taxi-cab company were exonerated by a coroner's jury today of blame for the death of Thomas Vredenburg, Jr., son of a wealthy lumber merchant of Springfield, Ill., and the injury of several others who were riding in an automobile driven by Connery when it collided with a car on July 1. The coroner's jury was returning home from a sorority dance in Wilmette. It included Miss Vela Kikendall, also of Springfield, who is in a hospital and Ogden Vredenburg, a brother of the victim.

Several witnesses testified the accident was the result of evident confusion on the part of both drivers.

PURCHASES PROPERTY

Mr. F. P. Wilbert has bought the Hall property, 705 So. Main and Chas. M. Strawn will sell at auction at 2 p. m. today all of Mr. Hall's furniture and household articles.

purchase the old Fourth Ward engine house in West Morgan street for the sum of \$3,000. The city to give deed and abstract on October 14, the expiration of the company's lease. The council confirmed the offer and the mayor was instructed to make the steps necessary in the transfer.

Mayor Crabtree also brought up the matter of the city of Jacksonville becoming a part of a road district. He explained the matter at length as it is a new law passed by the legislature. The mayor was instructed to appoint a committee to investigate and report back to the council. He announced the appointment of Aldermen Williamson and Chapin and L. V. Baldwin.

There being no further business the council on motion adjourned.

PROGRESSIVES HOLD CONFERENCES WITH HARDING AT HOME

Robins' Views in Accord With Presidential Nominee

LABOR LEADERS AWAIT SPEECH

MARION, Ohio, July 12.—Senator Harding devoted his entire day to conferences with Republican and Progressive leaders as well as agricultural experts with whom he discussed labor, transportation, economic and social problems. In addition, he also replied to the announcement of Governor Cox, Democratic nominee, that if elected a "real dirt farmer" would be appointed secretary of agriculture. The senator said if the Republican policies of "practical usefulness" under which that department was originally created had been carried forward by the present administration half our problems of high cost of living would have been solved for us in advance.

The principal conferences today were with Raymond Robins, of Chicago and Walter F. Brown, of Toledo, Ohio, prominent as progressives in the 1912 campaign with whom he discussed labor and economic problems especially. Afterward Mr. Robins announced the conference had been very satisfactory. Matter involving the part the progressives would take in the campaign he said were also discussed.

In Industrial Agreement.

On the fundamental economic situation, Mr. Robins said he and the nominee were in "substantial agreement."

He said he had communicated with some of the labor leaders of the country in order to learn their views regarding the Republican ticket but most of them wished to read the senator's speech of acceptance before committing themselves. He also had already done so. He announced, however, that he would support Harding.

While this was understood to have been the first extended conference at which the senator had discussed labor situation at length, it was understood tonight others of a similar nature might follow. Senator Harding is understood to be in close touch with labor leaders and he is expected to seek their views on the general subject.

Senator Harding when told that Governor Clements of Vermont had declined to call a special session of the legislature to consider ratification of the suffrage amendment refused to comment except to say, "I had hoped he would."

Secretary Wilson's Work.

In his statement regarding appointment of a secretary of agriculture, Senator Harding said he was gratified to know the acknowledgment of "at least one mistake of the Democratic administration."

"I note," it said, "that the Democratic candidates announce he will appoint a real dirt farmer, as secretary of agriculture." That is a reform the Republican party does not need to adopt. For sixteen years we had a real farmer from a real farm as secretary of agriculture—Uncle Jim Wilson, of Iowa, who made the department the greatest of its sort in the world.

"When the Democrats came into power they brought a university president as secretary of agriculture and after him a publisher. The Democratic party certainly needs to be reformed in this regard."

Another caller today was Senator Cummings of Iowa, chairman of the senate interstate commerce committee, who discussed the transportation situation with him. In a statement later he praised the Republican candidate whom he declared is "as progressive as any man in the country, bar none."

The senator planned to go into seclusion for the next few days, beginning tomorrow so he can complete his speech this week.

COMMUNISTS CASE**

To Trace Early Acts of Millionaire Lloyd and Associates

**STATE WINS
STRONG POINT**

CHICAGO, July 12.—The state today claimed it scored its first victory in the trial of William B. Lloyd, millionaire member of the Communist Labor Party, and nineteen other alleged officers of that organization, when Judge Hebel ruled that activities of the defendants prior to the passage of the Illinois addition act could be utilized as evidence. The defendants are charged with conspiracy to advocate the overthrow of the government. The opening statement of the state presented by Lloyd D. Heath, assistant state's attorney, contained a resume of the alleged acts of the defendants which the state said it would attempt to prove. A motion by attorneys for the defense to permit them to defer making an opening statement until later was denied.

Tell of 1919 Conference.

Joseph A. Zimman of New York a shorthand reporter; Cornelius J. Brown, a detective sergeant, connected with the bomb squad of the New York city police and Nathan Elkin, of Brooklyn, a printer, were the first witnesses called by the prosecution. Their testimony was brief and dealt principally with their knowledge of the activities of the left wing conference held in New York in June, 1919.

In the afternoon, William S. Forrest, chief counsel for the defense objected to the admission of the official organ of the left wing, "Revolutionary Age," as evidence. The motion was sustained as to all articles appearing in the publication except that entitled "Left Wing Manifesto," which George M. Cunnery, special agent of the department of justice was the last witness called today.

The defendants present today were: William B. Lloyd, Winnetka, Ill.; Ludwig Lore, New York; Jack Carney, Duluth, Minn.; Edgar Owens, Moline, Ill.; L. K. England, Moline, Ill.; Perry Shipman, Rock Island, Ill.; Edwin Pirth, Indianapolis; Dr. O. J. Brown, DeKalb, Ill.; Max Bodacht, San Francisco; L. E. Katterfield, Dayton, Kansas, and ten Chicagoans.

AN EARLY TRIAL**

Self-Confessed Murderer Will Be Tried Within a Month—Alienists Pronounce Him Sane.

Chicago, July 12.—Carl Wanderer, former army officer who will go to trial within a month for the slaying of his wife and an unidentified stranger who aided him in framing a "fake holdup" State's Attorney Hoynes said today after two true bills had been voted by a grand jury.

The indictments will not be returned until later in the week.

Meanwhile police continued efforts to find a woman in the case and to establish the identity of the stranger. It was thought for a time he was John J. Maloney of River Point, Rhode Island, but police said a description of Maloney received did not tally with the man.

Wanderer who had maintained a cheerful composure since his arrest, is weakening under the strain, police said. He still insisted he did not know the identity of the man he shot.

The police questioned Miss Julia Schmitt, 17, a stenographer after it was learned Wanderer had written a letter to her but she was later released. Both denied more than a casual friendship.

Tonight Wanderer was subjected to a mental test by alienists, who pronounced him sane.

**ANTI SALOON SPEAKER
TALKED HERE SUNDAY**

Rev. Parker Shields of Springfield, district superintendent of the Anti Saloon League, spoke at the First Baptist church last Sunday morning.

He gave a resume of the progress of the dry forces so far but urged that people should not rest on their oars and let the wet get in the light wine and beer legislation. He says that the Anti-Saloon League has its work cut out for the next five years.

According to the speaker the women of Scotland will probably vote that country dry in the fall adding another country to the list of dries. He recalled the manner in which prophesies of a dry United States by 1920 were received and stated that a dry world by 1930 was not an impossibility.

REPUBLICAN PARTY NOMINEES INDORSED BY GENERAL WOOD

Says Party Can Win Thru United Effort and Pro- gressive Program

POLICY CLEAN CUT AND FORWARD LOOKING

CHICAGO, July 12.—Major General Leonard Wood in a statement today declared he heartily indorsed the nominees of the Republican party, understanding that the progressive elements of the party are to be brought into the campaign and given full representation and participation.

"The party can win thru united effort and such clear and explicit declaration of program as will bring the larger independent vote to its active support," the statement said.

General Wood, who conferred with Senator Harding at Marion, Ohio, last week, defined what he considered necessary points in a progressive policy and declared the party could not win by destructive criticism.

"The party's policy must be clean cut, forward looking and constructive," the statement said. "One which, while recognizing America's responsibility as the leading nation in the world, will guarantee her freedom from foreign control and class domination, safeguard our traditional policies at home and abroad, complete the enfranchisement of women and which will stand against all forces and influences tending to break down morality."

**GERMANY MUST GIVE
ALLIES ANSWER TODAY**

Must Agree to Deliver 2,000,000 Tons of Coal Monthly or Allies Will Force Terms of Treaty.

SPA, Belgium, July 12.—(By The Associated Press.)—The allies served an ultimatum upon the German delegation to the conference here late this afternoon that the Germans must agree by three o'clock tomorrow afternoon to deliver to the allies 2,000,000 tons of coal monthly. Otherwise, the allies will take measures to enforce the terms of the Versailles treaty.

Thus, the negotiations have reached another tense point. The spirit of conciliation adopted by both sides has prevented a break thus far but the allies found it was necessary to issue this ultimatum for carrying out the treaty which would entitle the allies to a greater amount of coal than now is demanded. The question of coal was subject to a controversy during the three hour session of the afternoon.

The allies began by insisting upon a monthly delivery of 2,200,000 tons. The Germans offered 1,100,000 tons and the allies reduced their demand to 2,000,000. Dr. Simons represented the coal being the foundation of the industrial life of Germany every ton that Germany sent to the allies meant that much less production. He said:

"My contention is in European interests as much as in the interests of Germany because our payments to you are conditioned upon our industrial production. You want money. We want you to have it, but how can we pay large sums if you take away large quantities of coal?"

The German foreign minister offered then to increase the delivery of coal from 1,100,000 tons to 1,400,000 within six months, and to 1,700,000 tons within a year. This could only be done, he said, if the allies made better food conditions possible for the miners and contributed raw materials to build houses for more miners. The premiers after prolonged discussions with the Germans, in a calm businesslike manner, informed them that the allies must have their final answer tomorrow.

**WILL CARRY FIGHT
TO EVERY STATE**

COLUMBUS, Ohio, July 12.—Franklin D. Roosevelt, Democratic nominee for vice-president announced today following a conference with Governor Cox presidential candidate, that both he and the governor decided to consider no state as being hopeless and that they would carry the fight into every state in the union during the campaign. This was the first definite announcement to come from the heads of the ticket since their nomination.

**MRS. DANKSIN JOINS
STRAWN-PINK AGENCY**

Mrs. Lillian Danksin has been appointed assistant manager of the woman's department of the Strawn & Spink insurance business. This department was established about eighteen months ago and placed in charge of Mrs. W. S. Jones. The business has been developed in a very gratifying way. Mrs. Danksin has had wide experience in other lines of work which will well fit her for the duties she is now undertaking. The members of the firm are pleased to have Mrs. Danksin associated with Mrs. Jones in this growing department.

COAL SUPPLY IS A CAR QUESTION OPERATORS SAY

Seek Plan to Supply Northwest With Fuel

ZONE SYSTEM IS OPPOSED

WASHINGTON, July 12.—The bituminous coal operators' meeting here today failed to work out any plan to bring about immediate shipment of next winter's coal to the northwest although agreeing that the problem of placing 4,000 carloads daily until November at Great Lake ports for movement to that territory hinged entirely on car supply. There was no indication any concrete plan would be worked out for the joint conference of the operators and railroad executives at New York Wednesday. The operators' conference, however, will continue tomorrow, but its session is expected to be devoted largely to questions that the operators' committee will present to the railroad men.

Permanent Committee.

The committee selected to represent the operators in Wednesday's conference also was chosen as a permanent one to function on all questions relating to car supply.

D. B. Wentz, president of the National Coal association, was selected chairman and other members chosen were J. D. A. Morrow, secretary of the National Coal association; J. P. Walsh Pittsburg; W. L. Andrews, Fairmont, W. Va.; C. P. White, Cleveland; C. F. Honnold, Chicago, and J. G. Bradley, Dundon, W. Va.

General complaint was made by the operators that the railroads were not strictly obeying the interstate commerce commission's 30-day priority order giving preference to the mines in the assignment of open top cars. Apparently the operators interpreted the order as requiring the assignment of all open top equipment to the mines, but some charged willful violations on the part of the carriers.

Two proposals were rejected by the operators. The establishment of a zone system restricting the sales territory of the operators with a view of shortening car mileage was rejected after operators had complained that such a plan would cause them to break contracts. The other proposal, for a division of the coal supply for the northwest among mines in Ohio, Western Pennsylvania, West Virginia, Illinois and Indiana, also was rejected after the means had been informed that contracts already have been made for all of the northwest's supply.

Quota for West Short.

At the meeting, which was open only to presidents reports were made that the average daily delivery of coal for the northwest amounted to only 1,675 cars—practically one-half of the quantity said to be needed for the states at the head of the lakes next winter. Operators declared the small deliveries were due entirely to lack of transportation.

Possibility of re-establishment of a federal fuel administration also was understood to have been mentioned during the conference, but none of the operators professed to have any information as to the government's attitude on such a proposal. Informally the operators opposed any such plan, asserting a fuel administration could not be set up and begin to function effectively in less than ninety days.

STATE ASKS CITY AID TO SECURE SWITCH TRACK

Would Haul Coal Over
Railway
Tracks

WANT NAME OF STREET CHANGED

At the meeting of the city council Monday evening a communication was read from Charles H. Thorne, director of the Department of Public Welfare asking the council to assist them in getting facilities to that coal to Jacksonville State Hospital can be hauled by the street railway company.

Citizens of Cox street asked the council to take steps toward opening that street to Walnut street. They also asked that the council change the name of the street.

A number of sidewalk ordinances were given a first reading and laid over under the rules. An ordinance defining boundary lines of certain voting districts was also given a first reading and laid over under the rules.

When the clerk called the roll it showed all aldermen present except Alderman E. H. Thorne, secretary of the regular and adjourned meetings were read and approved.

Letters from officials of the Wabash and C. & S. L. railroad relative to repairing railroad crossings were read and received and placed on file.

Ask Council's Assistance.
A communication from Charles H. Thorne, director of the Department of Public Welfare was read. It asked the council's assistance in securing switch track facilities so that coal and other supplies for Jacksonville State Hospital could be hauled over the Jacksonville Railway Company's tracks.

Dr. L. Hill, managing officer of the institution was present and spoke briefly. He told of the work that is being carried on at the institution and also of what it is hoped to do in the future. Dr. Hill said it would be a big saving if the arrangement could be made and assured the council the state would be most happy if the desired result was brought about.

After some discussion in which the members of the council made it clear that they were willing to do everything possible in the matter, Alderman Cain, seconded by Alderman Flynn, moved that the city council ask the Chamber of Commerce to assist in solving the problem. The motion carried.

Want Name of Street Changed.
A petition from property owners of Cox street was read asking the council to take steps toward opening the street to Walnut street on the north to give access to the street car line and also for drainage purposes. The petitioners also requested the council to change the name of the street to some name they deemed suitable. G. W. Cooper was present and addressed the council reciting what had been done by the property owners in their endeavor to make the street better. The petition was referred to the Public Improvement Committee.

The council also adopted a resolution expressing the sympathy of the body to Miss Zeta Wood, who was injured by the truck of the city light plant a few days ago.

Claims against the city were presented and all those properly approved were ordered paid.

Alderman Flynn, chairman of the sewer committee, reported that the sewer work was progressing but that the sewers were in bad shape and he needed more help and a new warden, Charles Race, who is in charge of the sewer work also spoke and said the catch basins were in bad shape.

Alderman Ehrie, chairman of the Public Improvement committee, said the small pox situation had cleared up and there were but few cases.

Must Cut Weeds on Lots.
Alderman McGinnis referred to the complaints about weeds in various parts of the city. He thought something should be done to have them cut. The matter was referred to the police department with power to act.

At this point Alderman Ehrie asked to be excused and his request was granted.

An ordinance defining boundary lines of certain voting districts was given a first reading and laid over under the rules.

Ordinances for a sidewalk on the east side of Hackett avenue from Independence avenue to Walnut street; on the east side of Caldwell street from Lafayette avenue to the Wabash railroad; on the north side of Walnut street from North Main street to Doolin avenue; on the south side of Center street from Johnson street to Green street, were given first readings and laid over under the rules.

Alderman Flynn again brought up the matter of wagons standing in the streets at night without any lights on them. The matter was referred to the city clerk to investigate and see if there was not an ordinance covering it.

FUSION CONFEREES STILL UNABLE TO REACH AGREEMENT

Labor Wing Issues Ultimatum as to Compromise

WALSH TAKES FLING AT BOTH OLD PARTIES

CHICAGO, July 12.—Amalgamation of the labor party and committee of 48 in a new party movement was threatened with failure tonight when the labor group adopted an ultimatum giving until 10 a. m. Tuesday for the forty eighters to show disposition to compromise.

Charging the committee of 48 is composed of intellectuals and "plutocrats" as "persuasive, subtle and slick as you make 'em," and "has spilled the beans by delay," the labor party delegates tonight voiced demands that their convention proceed with business tomorrow with or without the forty eighters.

Robert M. Buck of Illinois, said the "real men" in the 48 convention were the farmers and advocated adoption of the name "farmer-labor" to bring the farm group of forty eighters into the labor movement.

Abraham Leftowitz, of New York, declared the labor group was no match for the "slick lawyers" in the 48 convention and that if conferences continued the forty eighters would come off victorious.

Walsh is Caustic.
A vitriolic attack on the two major parties was launched this afternoon by Frank P. Walsh, Kansas City attorney, and former member of the war labor board, who spoke in behalf of freedom for Ireland. He assailed each old party and declared nobody "had expected anything from either party convention—and nobody was disappointed."

Discussing the merits of the two platforms he said the Republicans had drafted a "platform of evasion" that isn't worth consideration. The Democratic platform, he continued, "is the blackest pronouncement ever placed on the shoulders of our citizens. It even makes every crime of the present administration the crime of the whole Democratic party; it makes the party of Jefferson only a masquerade of the party of the people."

**PLAN FOR FARMERS
SELLING AGENCIES**

Will Be Considered at Meeting This Month—Co-Operative Marketing Will Reduce Cost of Living.

Chicago, July 12.—Plans for farmers' national selling agencies for grain and livestock, with a view toward curbing speculation and market fluctuations, will be considered at a meeting here July 23 and 24, it was announced today by J. W. Coverdale, secretary of the American Farm Bureau Federation. Invitations have been sent to farm organizations, grain dealers and livestock shippers' associations, the bureau of markets of the United States department of agriculture and marketing divisions of state agricultural departments and of agricultural colleges.

"If uniform plans of co-operative marketing result from this conference and are generally adopted by farmers a material reduction in the cost of living, together with a stabilization of prices, should ensue," a statement by the federation said.

EXONERATED BY CORONER'S JURY

CHICAGO, July 12.—John F. Connery and Harry Lindquist, company chauffeur for a taxi company were exonerated by a coroner's jury today of blame for the death of Thomas Vredenburg, Jr., son of a wealthy lumber merchant of Springfield, Ill., and the injury of several others who were riding in an automobile driven by Connery when it collided with a cab on July 1.

The coroner's jury was returning home from a sorority dance in Wilmette. It included Miss Vela Kikendall, also of Springfield, who is in a hospital and Ogden Vredenburg, a brother of the victim.

Several witnesses testified the accident was the result of evident confusion on the part of both drivers.

PURCHASES PROPERTY.
Mr. F. P. Wilbert has bought the Hall property, 705 So. Main and Chas. M. Strawn will sell at auction at 2 p. m. today all of Mr. Strawn's furniture and household articles.

purchase the old Fourth Ward engine house in West Morgan street for the sum of \$3,000 the city to give deed and abstract on October 14, the expiration of the company's lease. The council confirmed the offer and the mayor was instructed to make the steps necessary in the transfer.

Mayor Crabtree also brought up the matter of the city of Jacksonville becoming a part of a road district. He explained the matter at length as it is a new law passed by the legislature. The mayor was instructed to appoint a committee to investigate and report back to the council. He announced the appointment of Aldermen Williamson and Chapin and L. V. Baldwin.

There being no further business the council on motion adjourned.

PROGRESSIVES HOLD CONFERENCES WITH HARDING AT HOME

Robins' Views in Accord With Presidential Nominee

LABOR LEADERS AWAIT SPEECH

MARION, Ohio, July 12.—Senator Harding devoted his entire day to conferences with Republican and Progressive leaders as well as agricultural experts with whom he discussed labor, transportation, economic and social problems. In addition, he also replied to the announcement of Governor Cox, Democratic nominee, that if elected a "real dirt farmer" would be appointed secretary of agriculture. The senator said if the Republican policies of "practical usefulness" under which that department was originally created had been carried forward by the present administration half our problems of high cost of living would have been solved for us in advance.

The principal conference today was with Raymond Robins, of Chicago and Walter F. Brown, of Toledo, Ohio, prominent as progressives in the 1912 campaign with whom he discussed labor and economic problems especially. Afterward Mr. Robins announced the conference had been very satisfactory. Matter involving the part the progressives would take in the campaign he said were also discussed.

In Industrial Agreement.
On the fundamentals surrounding the general economic situation Mr. Robins said he and the nominee were in "substantial agreement."

He said he had communicated with some of the labor leaders of the country in order to learn their views regarding the Republican ticket but most of them wished to read the senator's speech of acceptance before committing themselves although some had already done so. He announced, however, that he would support Harding.

While this was understood to have been the first extended conference at which the senator had discussed labor situation at length, it was understood tonight others of a similar nature might follow. Senator Harding is understood to be in close touch with labor leaders and he is expected to seek their views on the general subject.

Senator Harding when told that Governor Clements of Vermont had decided to call a special session of the legislature to consider ratification of the suffrage amendment refused to comment except to say, "I had hoped he would."

Secretary Wilson's Work.
In his statement regarding appointment of a secretary of agriculture, Senator Harding said he was gratified to know the acknowledgment of "at least one mistake of the Democratic administration."

Democratic candidates announce he will appoint a real dirt farmer, as secretary of agriculture. That is a reform the Republican party does not need to adopt. For sixteen years we had a real farmer from a real farm as secretary of agriculture—"Uncle Jim" Wilson, of Iowa, who made the department the greatest of its sort in the world.

"When the Democrats came into power they brought a university president as secretary of agriculture and after him a publisher. The Democratic party certainly needs to be reformed in this regard."

Another caller today was Senator Cummings of Iowa, chairman of the senate interstate commerce committee, who discussed the transportation situation with him. In a statement later he praised the Republican candidate whom he declared is "as progressive as any man in the country, bar none."

The senator planned to go in seclusion for the next few days, beginning tomorrow so he can complete his speech this week.

AGED WOMAN IS DEAD IN SPRINGFIELD

Mrs. Antoinette Smith Passes Away at Age of 108 Years—Was Well Known in This City.

Springfield, Ill., July 13.—Mrs. Antoinette Smith, believed to be the oldest woman in the state, died at her home in Springfield today at the age of 108 years. She is the mother of four children, the youngest of whom is over 65 years old.

Mrs. Smith was well known in Jacksonville and was a sister of Manuel Alves, a well known farmer living northwest of the city. She also had several nieces and nephews living in and near Jacksonville. Mrs. Smith was the oldest of a family of six children, one brother having preceded her in death. The youngest of the family is John Alves, of Salt Lake City, Utah, who is now 81 years old.

Mrs. Smith celebrated her 108th birthday about two months ago and at that time told a newspaper reporter that she guessed, "God had forgotten her."

The surviving members of the family are: Manuel Alves of Jacksonville; Mrs. Figueria of Brooklyn, New York; John Alves of Salt Lake City, Utah, and Joseph Alves of Farmingdale, Ill.

TO DIRECT CAMPAIGN FROM FEDERAL PRISON

DETROIT, Michigan, July 12.—Unless he is pardoned, Eugene V. Debs, presidential nominee of the Socialist party, will direct the party's campaign this summer from Atlanta federal prison where he is serving a sentence on a charge of violating the espionage laws the Socialist national committee decided today. Party leaders would visit him frequently during the campaign and learn his wishes.

The committee decided first, however, to make a personal appeal to President Wilson for the release of Debs. A group of about 200 Socialists plan to call on the president within the next two weeks. The national committee expects to complete its work here tomorrow.

Wanderer who had maintained a cheerful composure since his arrest, is weakening under the strain, police said. He still insisted, however, that he knew the identity of the man he shot.

COURT ALLOWS WIDE INQUIRY MADE IN COMMUNISTS CASE

To Trace Early Acts
of Millionaire Lloyd
and Associates

STATE WINS STRONG POINT

CHICAGO, July 12.—The state today claimed it scored its first victory in the trial of William B. Lloyd, millionaire member of the Communist Labor Party, and nineteen other alleged officers of that organization, when Judge Hebel ruled that activities of the defendants prior to the passage of the Illinois sedition act could be utilized as evidence. The defendants are charged with conspiracy to advocate the overthrow of the government. The opening statement of the state presented by Lloyd D. Heath, assistant state's attorney, contained a resume of the alleged acts of the defendants which the state said it would attempt to prove. A motion by attorneys for the defense to permit them to defer making an opening statement until later was denied.

Tell of 1919 Conference.
Joseph A. Zinnman of New York a shorthand reporter; Cornelius J. Brown, a detective sergeant, connected with the bomb squad of the New York city police; and Nathan Elkin, of Brooklyn, a printer, were the first witnesses called by the prosecution. Their testimony was brief and dealt principally with their knowledge of the activities of the left wing conference held in New York in June, 1919.

In the afternoon, William S. Forrest, chief counsel for the defense, objected to the admission of the official organ of the left wingers, "Revolutionary Age," as evidence. The motion was sustained as to all articles appearing in the publication except that entitled "Left Wing Manifesto."

George M. Cummerow, special agent of the department of justice was the last witness called today. The defendants present today were: William B. Lloyd, Winnetka, Ill.; Ludwig Lore, New York; Jack Carr, Duluth, Minn.; Edgar Owens, Moline, Ill.; L. K. England Moline, Ill.; Perry Shipman, Rock Island, Ill.; Edwin Firth, Indianapolis; Dr. O. J. Brown, DeKalb, Ill.; Max Baer, architect, San Francisco; L. E. Katterbach, Dayton, Kansas, and ten Chicagoans.

WANDERER WILL GET AN EARLY TRIAL

Self-Confessed Murderer Will Be Tried Within a Month—Alienists Pronounce Him Sane.

Chicago, July 12.—Carl Wanderer, former army officer will go to trial within a month for the slaying of his wife and an unidentified stranger who aided him in framing a "fake holdup" State's Attorney Hoyne said today after two true bills had been voted by a grand jury.

The indictments will not be returned until later in the week. Meanwhile police continued efforts to find a woman in the case and to establish the identity of the stranger. It was thought a timble was John J. Maloney of River Point, Rhode Island, but police said a description of Maloney received did not tally with the man.

Wanderer who had maintained a cheerful composure since his arrest, is weakening under the strain, police said. He still insisted, however, that he knew the identity of the man he shot.

The police questioned Miss Julia Schmitt, 17, a stenographer after it was learned Wanderer had written a letter to her but she was later released. Both denied more than a casual friendship.

Wanderer was subjected to a medical test by alienists, who pronounced him sane.

ANTI SALOON SPOKER TALKED HERE SUNDAY

Rev. Parker Shields of Springfield, district superintendent of the Anti Saloon League, spoke at the First Baptist church last Sunday morning.

He gave a resume of the progress of the dry forces so far but urged that people should not rest on their oars and let the wet gang in the light wine and beer legislation. He says that the Anti-Saloon League has its work cut out for the next five years.

According to the speaker the women of Scotland will probably vote that country dry in the fall adding another country to the list of dries. He recalled the manner in which prohibition of a dry United States by 1920 were received and stated that a dry world by 1930 was not an impossibility.

REPUBLICAN PARTY NOMINEES INDORSED BY GENERAL WOOD

Says Party Can Win Through
United Effort and Progressive Program

POLICY CLEAN CUT AND FORWARD LOOKING

CHICAGO, July 12.—Major General Leonard Wood in a statement today declared he heartily indorsed the nominees of the Republican party, understanding that the progressive elements of the party are to be brought into the campaign and given full representation and participation.

"The Republican party with its united effort and such clear and explicit declaration of program as will bring the larger independent vote to its active support," the statement said.

General Wood, who conferred with Senator Harding at Marion, Ohio, last week, defined what he considered necessary points in a progressive policy and declared the party could not win by destructive criticism.

"The party's policy must be clean cut, forward looking and constructive," the statement said, "one which, while recognizing America's responsibilities as the leading nation of the world, will guarantee her freedom from foreign control and class domination, safeguard our traditional policies at home and abroad, complete the enfranchisement of women and which will stand against all forces and influences tending to break down morality."

GERMANY MUST GIVE ALLIES ANSWER TODAY

Must Agree to Deliver 2,000,000 Tons of Coal Monthly or Allies Will Force Terms of Treaty.

SPA, Belgium, July 12.—(By The Associated Press.)—The allies served an ultimatum upon the German delegation to the conference here late this afternoon that the Germans must agree by three o'clock tomorrow afternoon to deliver to the allies 2,000,000 tons of coal monthly. Otherwise, the allies will take measures to enforce the terms of the Versailles treaty.

Thus, the negotiations have reached another tense point. The spirit of conciliation adopted by both sides has prevented a break thus far but the allies found it was necessary to issue this ultimatum for carrying out the treaty which would entitle them to a greater amount of coal than now is demanded. The question of coal was subject to a controversy during the three hour session of the afternoon.

The allies began by insisting upon a monthly delivery of 2,200,000 tons. The Germans offered 1,100,000 tons and the allies reduced their demand to 2,000,000. Dr. Simons represented that coal being the foundation of the industrial life of Germany every ton that Germany sent to the allies meant that much less production for the home market.

"My contention is in European interests as much as in the interests of Germany because our payments to you are conditioned upon our industrial production. You want money. We want you to have it, but how can we pay large sums if you take away large quantities of coal?"

The German foreign minister offered then to increase the delivery of coal from 1,100,000 tons to 1,400,000 within six months, and to 1,700,000 tons within a year. This could only be done, he said, if the allies made better food conditions possible for the miners and contributed raw materials to build houses for more miners. The premiers after prolonged discussions with the Germans, in a calm businesslike manner, informed them that the allies must have their final answer tomorrow.

WILL ENTERTAIN CHILDREN

CHICAGO CHILDREN
Mrs. Howard Zahn took a party to Woodson yesterday including Mrs. Patterson and Miss Patterson, Mrs. Jackson and Miss Jackson, in the effort to place a number of boys and girls who are coming from Chicago for a two weeks' recreation period. They met with a very hearty response and provision was made for eleven children, who will be placed as follows: Mr. and Mrs. James Devore, two boys; Mrs. John Irlam, boy and girl; Mr. and Mrs. John Baxter, two boys; Mr. and Mrs. Charles Irlam, two girls; Rev. and Mrs. Powell, two boys; Mr. and Mrs. John Leach, one boy. COAL SUPPLY IS A CAR QUESTION OPERATORS SAY

Seek Plan to Supply
Northwest With
Fuel

ZONE SYSTEM IS OPPOSED

WASHINGTON, July 12.—The bituminous coal operators' meeting here today failed to work out any plan to bring about immediate shipment of next winter's coal to the northwest although agreeing that the problem of placing 4,000 cars daily until November at Great Lake ports for movement to that territory hinged entirely on car supply. There was no indication any concrete plan would be worked out for the joint conference of the operators and railroad executives at New York Wednesday. The operators' conference, however, will continue tomorrow, but its session is expected to be devoted largely to questions that the operators' committee will present to the railroad men.

Permanent Committee.

The committee selected to represent the operators in Wednesday's conference also was chosen as a permanent one to function on all questions relating to car supply.

D. B. Wentz, president of the National Coal association, was selected chairman and other members chosen were J. D. A. Morrow

It begins to look again as if there is a 1920 possibility for the East Side street pavement. There is just one good thing about the pavement project—no property owner can deny that the improvement is needed. Now, if only some contractor can be found who will make a bid within the estimate the pavement is a near possibility.

Illinois railroads are making a determined effort not to be re-elected to return to a 2-cent fare September 1, as is a possibility under the act by which the roads were turned over to government control. With average costs so much higher and with other increases in prospect, the roads should have no difficulty in per-

suading either the legislature or the utilities commission that the 3-cent fare is necessary.

Senator Harding says there is nothing new in the proposal of Governor Cox that if elected he will retain a dirt farmer as head of the department of agriculture. That's the kind of man the Republicans had in office when a turn of the wheel put Mr. Wilson into power and a theorist at the head of the department.

Statistics prepared by the government show that last year there were 3,374 strikes in the United States, which involved 4,000,000 workers. This sounds like a large number, but it is small by comparison with the number of people inconvenienced by these same strikes. A hundred and ten million people were injured by those strikes, the great majority being inconvenienced because of dissatisfaction, had justly or unjustly on the part of a comparatively small minority. How this condition can be avoided is one of the very biggest questions that the parties and the country face.

It will do anyone good who is fearful about the food supply to drive through Morgan county at this time. Not as much as usual has been said about the wheat crop this year, but inspection of Morgan county farms will show a large wheat acreage cut and in the shock. The best part of it is that the shocks are large and numerous, giving every promise of a

yield above the average. When once the wheat from these many fields is in the elevators and the money in the banks, farm land will be in more active demand than ever.

Senator Harding insists that in this campaign there will be little talking about candidates and a great deal about parties. It is said that in all the years he has owned and managed the Marion Star there never has been a line in the paper about himself in a laudatory vein. It is fortunate that in this matter of party history and record the Republican organization can "point with pride."

CAPITAL REBELS

According to Jules S. Bache, New York financial expert, capital is being diverted from industry into lines that are free from onerous Federal tax burdens. He cites the case of one man who recently subscribed \$25,000,000 for the entire issue of bonds of a certain municipality. Mr. Bache's conclusion is that capital is on the eve of a strike against the obstacles placed in its way in the shape of repressive taxation. Economists realize that an extensive withdrawal of money from industrial activities would be a greater calamity to the country than any labor strike. But until a Republican executive is in the White House, ready to co-operate with a Republican congress in bringing about tax reforms little relief can be expected.

INCREASE IN COINAGE

A tremendous increase in coinage by United States mints is shown in figures for the fiscal year 1920, ended Tuesday of last week, and the fiscal year -9-9. Gold coinage, which was stopped during the war, has been resumed, and in the year 1920, 786,250 double eagles, (\$20 gold pieces) and 126,500 eagles (or \$10 gold pieces) were coined. Their total value was \$16,990,000.

Few of the gold coins are circulating in the United States, however, most of them were exported in settlement of outstanding trade balances, particularly to South America. Gold coin is still being withheld from circulation in the United States as far as possible, because government officials regard the use of the coin as wasteful, due to the shrinkage from wear.

There was a large increase in the number of quarters, dimes, nickels and pennies coined, but a shrinkage in the number of silver half dollars. No silver dollars were made during the year. Coinage increased to a total of 733,583,150 pieces in 1920, as compared with 434,328,458 pieces in 1919.

Rippling Rhymes By Walt Mason

THE BAD RECORD.

The hens I stole long years ago have ruined my career, for everywhere I chance to go, their phantom appears. Oh, men forget the things I've done, of which I may be proud; and they ignore the fame I've won competing with the crowd. They spread the tale with tongues and pens, send it from group to group: "This is the man who stole the hens from Widow Whitesmith's coop." A hundred widows I have helped when they were out of luck; and hungry orphans, when they yelped, from me could draw a buck. I've made a point of being good, for one sin to atone, but all in vain, my crime has stood triumphant and alone. The weary years have slipped away, in units and in tens, and still I hear my neighbors say, "He swiped a widow's hens." Some day a monument will rise above my pulseless breast; the legend on it, I surmise, will say I've joined the best; but men will on that granite gaze and idly stroke their wens, and say, "How hollow is such praise! He pinched a widow's hens."

To The Journal:

We wish to express through the city papers, our deep gratitude to Mr. Crabtree, our good mayor, for listening to our plea for a light on Independence avenue, in what is designated as the Hollow.

For many years we have traveled back and forth thru dark and stormy weather along a place void of sidewalk, not a ray of light except when the moon took pity on us, and it is certainly a gloomy place.

We placed our wishes before the new mayor and within two weeks, lo! what a change took place. There was light! Now Mr. Crabtree led the walk materialize and we will sound your praises for the rest of time.

Very sincerely,
The People West of Church Street.

Letter From Germany

Mrs. J. Herman has a letter from her nephew, Harry Siff, in Coblenz, Germany, with the army of occupation. The young man is so capable and useful he has been asked to remain as long as the troops are stationed there. He served his time faithfully in the great war and is yet probably some months from home. In company with others he recently made a trip to Belgium and sent a graphic description of the trip. Their first visit was at Liege and there the sight of the destruction was fearful. The walls of the fort were twenty feet thick and it was thought they were impregnable, but the cannon of the Germans demolished the structure and so huge are the pieces of debris that it is well nigh impossible to remove them and many bodies of brave defenders are yet underneath.

A commander of one of the forts went around with them and explained everything and made the trip very pleasant. The city was not so much injured, as the fiendish Germans planted their guns in the streets of the town and the brave Belgians couldn't reply without injuring the place.

While in the city they were guests of the Masonic fraternity, who tendered them a reception, gave them a banquet and showed them all kinds of attention.

Brussels was their next objective point and there they enjoyed a fine time. One of their number could interpret for them and they managed to get along very well. There, too, the Masonic members greeted them and gave them a cordial reception. They tendered them a banquet and Mr. Siff said it was notable that the bill of fare there and everywhere else was abundant and he wondered if so much exports of foodstuffs from this country to that would not account for the high cost of living here.

At the banquet speeches were in order and all manner of good times were enjoyed. Each guest received a silver coin or medal with Masonic emblems on it. After the banquet they still were not ready to retire, as their hosts were so attentive, so they kept on going, visiting the cafes and various places of entertainment, until 5 in the morning, when they retired for three hours and then took waiting autos for more sights. The Masonic Temple was a fine place, embellished with many choice paintings and works of art, all by members of the order. They visited the museums and places of interest, seeing enough to remember for months, and then returned with the only regret that their stay was unavoidably so short, and determined to return at some future time for a longer stay.

WOODSON WOMEN ORGANIZE CLUB

The women of Woodson yesterday took the preliminary steps for the organization of a woman's club, a largely attended meeting being held at the Christian church there. The temporary officers elected were:

President—Mrs. W. T. Craig.
Vice President—Mrs. C. C. Self.
Recording Secretary—Mrs. S. J. Baxter.

Corresponding Secretary—Mrs. H. L. Owens.

A room in one of the buildings in the town is to be secured for permanent quarters and the club will start its work under very auspicious circumstances.

ANNUAL BURGEOO HELD

Sunday the annual Henry burgoo dinner and reunion was held at the pleasant home of Mr. and Mrs. Edward Sooy six miles east of Murraville.

WINCHESTER BOY MET DEATH BENEATH TRAIN

Harry Estes Fell from Freight Train Sunday Evening and Met Instant Death—Union Church Services During July and August—Other Winchester News.

Winchester July 12.—The community was shocked early Monday morning to learn of the sudden death of Harry Estes, eldest son of Mrs. Charles Estes. The boy was assistant expressman at the Burlington station. Sunday evening as freight train No. 80 was leaving town, he in company with Edward Jackson, decided to ride to Alsey and return by the evening passenger train arriving at about 11 o'clock. The boys climbed to the top of the train and rode as far as the oil tank, when they decided to go to another part of the train. Estes lost his balance and fell between the cars, his head resulting instantly. The body was badly mangled and the remains were removed to the undertaking parlors of M. W. Sappington.

Harry Estes was a bright energetic boy sixteen years of age, and was admired by all who knew him. His father preceded him in death several years ago and he was left as his mother's only support. The boy had but lately received an increase in salary and gave every promise of becoming a useful citizen. His mother has the sympathy of the entire community in her sudden bereavement.

The mother with four young brothers, John, Clement, Edward and Joseph, the grandparents, Mr. and Mrs. Patrick Maloney, and other relatives survive.

The inquest will be held at 9 o'clock Tuesday morning. Funeral services will occur from St. Mark's Catholic church Tuesday morning at 9 o'clock. Rev. Father Flynn of Murraville will have charge of the service in the absence of Rev. Father Bell.

Misses Vera and Thelma Wiesner arrived Sunday from St. Louis to visit at the home of their uncle, Ves Wiesner and family.

Mr. and Mrs. Henry Herring and daughter, Mrs. Albert Potter and husband, of Lynville, were guests at the home of Winfield Scott and family in Jacksonville Sunday.

Miss Margaret Crabtree of St. Louis is visiting at the home of her parents, Mr. and Mrs. James Crabtree.

Leo Boylan of Beardstown was a visitor in Winchester Monday.

Miss T. Hawk is confined to her home by illness.

Word was received from Murraville Sunday of the arrival of a son at the home of Mr. and Mrs. James McCabe. Mrs. McCabe was formerly Miss Sophia Brown of Winchester.

Thomas Killbrev and family have moved into the property on herry street which they recently purchased.

Union services were held in the Christian church Sunday evening and the churches will hold these union services thruout the months of July and August.

James Miner, grandson of Dr. James Miner, who is a visitor here from Detroit, was driving the family horse Saturday night when the animal became frightened, reared and fell in such a way that its neck was broken. The boy had a narrow escape but fortunately was not injured.

Miss Josephine Maloney of Jacksonville arrived Monday morning called by the death of her nephew, Harry Estes.

FORMER RESIDENTS

MARRIED IN WEST

Charles Leslie Ragan and Miss Berenice Benson married July 10—Will Make Their Home in California.

Word was received in the city yesterday of the marriage of Charles Leslie Ragan and Berenice Quinlan Benson at Los Angeles, Cal. The ceremony was performed July 10.

Both Mr. and Mrs. Ragan are former well known residents of Jacksonville and left only recently for Los Angeles. Mr. Ragan going with his parents about three months ago and Miss Benson about two months later.

Mr. Ragan was born in Jacksonville, the son of Mr. and Mrs. Charles Ragan. He attended the public schools and later graduated from Jacksonville high school. He now holds a responsible position with a produce firm. He was for a time in the employ of the Journal.

Miss Benson is a native of Pawnee, Ill., and came to Jacksonville three years ago. She was employed at Norbury sanitarium, being an assistant in the office at Maplecrest.

After the ceremony Mr. and Mrs. Ragan left for a motor trip, going first to Pasadena. Other California points were included in their itinerary. Mr. and Mrs. Ragan will reside at 622 West Ninth street, Dunbar apartments, Los Angeles.

FINE ILLINOIS FARM FOR SALE

Priced Right

1562 Acres

Fine Rich Bottom Corn and Wheat Land

This farm is in Scott county, Illinois, has eight sets of improvements, all in good condition. They are three new houses, five new barns, other houses and barns in good condition.

Land is well tiled and has several miles of good woven wire fence set with hedge post and steel post. Has six new wind mills, four 12-20 tractors, three bottom plows, one 22-inch Huber grain separator, two sets of farm scales, numerous cribs and out-buildings.

This is fine level farm in good condition. Will raise 75 to 90 bushels of corn, 30 to 50 bushels of wheat to acre. Clover and other crops can be raised. All in cultivation except 40 acres of timber and hog pasture.

Will sell in tracts of 40 acres up to 400 acres at \$275.00 per acre, or will sell entire tract for \$425,000.00, machinery included.

This is first class land worth the price and has to be seen to be appreciated, and equally as good as land that sells at \$500 to \$600 per acre.

Investigate this or, better, come and see it. It produces heavy crops and is close to market.

Don't Experiment with Catarrh; It

Often Leads to Dread Consumption

You Will Never be Cured by Local Treatment With Sprays

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated

and finally reaches down into the lungs, and everyone recognizes the alarming conditions that result when the lungs are affected. Thus Catarrh may be the forerunner of the most dreaded and hopeless of all diseases, consumption.

No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the Medical Department for expert advice as to how to treat your own case. PAVEMENT HEARING HELD BY BOARD

Property Owners Had Opportunity to Discuss Proposed Improvement on East State Street.

A meeting of property owners with reference to the East State street pavement was held Monday afternoon at 3 o'clock at the city hall in accordance with the call issued by the board of local improvements.

After hearing the views of a number of property owners and considering the question carefully, the board, which includes Mayor Crabtree, E. M. Henderson, public engineer, and Perry White, street commissioner, adopted the resolution as presented, providing for a brick pavement on East State street.

The records of the secretary of the board showed a total of 3,317 feet of frontage on the street, with 3,056 feet in favor of the improvement and 261 against it. As a matter of fact all of the owners of the 261 feet should not be recorded as against the improvement because most of them made it plain that they realize the need of the pavement and want it laid, but feel that the present is a very expensive time for the making of any public improvement.

Those present at the hearing were J. W. Taylor, representing the board of trustees of Centenary church; John W. Clary, representing the Knights of Columbus; John N. Kennedy representing the Catholic church, Our Savior's hospital and Rount college properties; Frank J. Garland and Frank McKenna.

Explains Board's Position
After hearing the statements made by the property owners Mayor Crabtree explained that the board of local improvements has been reluctant to order a pavement at this time because of the knowledge of the high cost of materials and labor, but said that conditions on East State street were so bad that the board was warranted in making the endeavor to provide a pavement for this street this year.

The mayor mentioned that the suggestion had been made to close the street pending the laying of a new pavement because of the danger to pedestrians of vehicles and the possible liability of the city for damages resulting from personal injury cases. He said that the city council knew that the closing of the street would be a matter of financial loss to the merchants.

Mr. McKenna thought some plan could be found for filling up the holes in the street to serve in a temporary way thru the present year. Mr. Garland said that there was no doubt about the need of the pavement, but that the present cost suggested made it almost prohibitive. He called attention to the fact that a large percentage of the frontage on East State street is owned by institutions supported by the public and that naturally there was not as much objection to the high cost of construction on the part of officials of such institutions as there would be from private citizens.

Want to Obey Majority Will
Mayor Crabtree said that in this proposed improvement and in others that the board wished to be governed by the will of the majority and he said that, generally speaking, the whole public improvement program had been postponed this year because of the knowledge of high cost of labor and construction work. He said that this was true of College avenue, Jordan street, Sandy street and some others where paving work is needed, and in prospect. The board feels that on East State street, which is the gateway to the city with heavier traffic than any other street in the city, that if the pavement can be put down this year the work should be done.

After considering the question from every angle, the mayor mentioned the frontage figures and said that with the large majority in favor of the pavement he saw no other course for the board than its approval, altho the board wished that the property owners were unanimously in favor of the improvement.

The board made it clear that it had no desire to override the wishes of the citizens and that in all public improvement matters and all other affairs relating to the city, that an honest effort it made to consult the will of the majority. It remains to be seen whether or not the estimate on the East State street job is high enough to make it possible for the work to proceed.

Don't Experiment with Catarrh; It

Often Leads to Dread Consumption

You Will Never be Cured by Local
Treatment With Sprays

Catarrh is a condition of the
blood and can not be cured by
local applications of sprays and
douches; this has been proven by
the thousands who have vainly
resorted to this method of treat-
ment.

Catarrh should not be neglect-
ed or experimented with. The
wrong treatment is valuable time
lost, during which the disease is
getting a firmer hold upon its vic-
tim, and making it more difficult
for even the proper treatment to
accomplish results.

Though Catarrh makes its first
appearance in the nostrils, throat
and air passages, the disease be-
comes more and more aggravated

and finally reaches down into the
lungs, and everyone recognizes the
alarming conditions that result
when the lungs are affected. Thus
Catarrh may be the forerunner of
the most dreaded and hopeless of
all diseases, consumption.

No local treatment affords per-
manent relief. Experience has
taught that S. S. S. is the one re-
medy which attacks the disease at
its source, the blood, and produces
satisfactory results in even the
worst cases. Catarrh sufferers
are urged to give S. S. S. a thor-
ough trial. It is sold by all druggists.

PAVEMENT HEARING HELD BY BOARD

Property Owners Had Opportunity
to Discuss Proposed Improve-
ment on East State Street.

A meeting of property owners
with reference to the East State
street pavement was held Mon-
day afternoon at 3 o'clock at the
city hall in accordance with the
call issued by the board of local
improvements.

After hearing the views of a
number of property owners and
considering the question carefully,
the board, which includes Mayor
Crabtree, E. M. Henderson, public
engineer, and Perry White, street
commissioner, adopted the resolu-
tion as presented, providing for a
brick pavement on East State
street.

The records of the secretary of
the board showed a total of 3,317
feet of frontage on the street, with
3,056 feet in favor of the improve-
ment and 261 against it. As a
matter of fact all of the owners
of the 261 feet should not be re-
corded as against the improve-
ment because most of them made
it plain that they realize the need
of the pavement and want it laid,
but feel that the present is a very
expensive time for the making of
any public improvement.

Those present at the hearing
were J. W. Taylor, representing
the board of trustees of Centenary
church; John W. Clary, represent-
ing the Knights of Columbus;
John N. Kennedy representing the
Catholic church. Our Savior's
hospital and Routt college prop-
erties; Frank J. Garland and
Frank McKenna.

Explains Board's Position
After hearing the statements
made by the property owners
Mayor Crabtree explained that
the board of local improvements
has been reluctant to order a pav-
ement at this time because of the
knowledge of the high cost of ma-
terials and labor, but said that
conditions on East State street
were so bad that the board was
warranted in making the endeavor
to provide a pavement for this
street this year.

The mayor mentioned that the
suggestion had been made to
close the street pending the laying
of a new pavement because of
the danger to pedestrians or ve-
hicles and the possible liability of
the city for damages resulting
from personal injury cases. He
said that the city council knew
that the closing of the street
would be a matter of financial loss
to the merchants.

Mr. McKenna thought some plan
could be found for filling up the
holes in the street to serve in a
temporary way thru the present
year. Mr. Garland said that there
was no doubt about the need of
the pavement, but that the present
cost suggested made it almost pro-
hibitive. He called attention to
the fact that a large percentage
of the frontage on East State
street is owned by institutions
supported by the public and that
naturally there was not as much
objection to the high cost of con-
struction on the part of officials
of such institutions as there would
be from private citizens.

Want to Obey Majority Will
Mayor Crabtree said that in this
proposed improvement and in oth-
ers that the board wished to be
governed by the will of the ma-
jority and he said that, generally
speaking, the whole public im-
provement program had been
postponed this year because of
the knowledge of high cost of la-
bor and construction work. He
said that this was true of College
avenue, Jordan street, Sandy
street and some others where pav-
ing work is needed, and in pros-
pect. The board feels that on
East State street, which is the
gateway to the city with heavy
traffic than any other street in the
city, that if the pavement can be
put down this year the work
should be done.

After considering the question
from every angle, the mayor men-
tioned the frontage figures and
said that with the large majority
in favor of the pavement he saw
no other course for the board
than its approval, altho the board
was unanimously in favor of the
improvement.

The board made it clear that it
had no desire to override the
wishes of the citizens and that in
all public improvement matters
and other affairs relating to the
city, that an honest effort it made
to consult the will of the ma-
jority. It remains to be seen whether
or not the estimate on the East
State street job is high enough to
make it possible for the work to
proceed.

AGED CONCORD RESIDENT IS ILL

George Perbix Taken Ill Suddenly Saturday—Other News Notes From Concord and Vicinity.

Concord, July 12.—Born, to Fred Nergenh and wife, Thursday, July 8, a son.

Frank Williamson of Castina, Iowa, came in on Sunday morning via Chapin to visit his brother, W. H. Williamson, and other relatives.

The venerable George Perbix, 90 years of age, was taken ill on Saturday morning with a severe chill. Dr. F. M. Roberts was called and gave him the necessary medical attention and a nurse was secured from Jacksonville to take care of the aged patient. He was resting comfortably at last accounts.

Luther Brockhouse, who came from Denver, Colo., on a two-weeks' vacation, returned Saturday, after helping harvest 60 acres of wheat. He is with the J. I. Case company at Denver.

Mrs. C. O. Bayles and brother, Vernon Campbell, will start east one day this week to visit relatives in the state of West Virginia. Mrs. Bayles has not been to her old home for seven years.

An ice cream social was given by a class of the M. E. Sunday school Saturday night.

Next Saturday night the Ladies' Aid of the Christian church will give another ice cream social in their building.

Marion and Howard Henderson of 460 South East street, Jacksonville, spent four days of their week's vacation very profitably with Mr. Christianer of the Sinclair neighborhood, helping shock 80 acres of very fine wheat.

Marion will resume work at Myers Brothers on Monday, and his brother at F. J. Waddell's the same day.

C. O. Bayles, assistant to Mr. Ball at the Burlington station, had to lay off four days last week on account of throat trouble.

Howard Henderson was here Sunday to visit home folks and attended church services in the forenoon.

Wheat harvest is ended and threshing will begin this week. The best price offered is \$2.55 for No. 2 wheat. There will be quite a little No. 1 wheat this time, the price for which will be better than for No. 2.

Chinch bugs are damaging corn in the vicinity of Baker school and also near the Hopewell school. Corn is making rapid growth and we have some that is beginning to tassle.

The writer received word recently from our old minister, C. G. Cantrell, that he and Mrs. Cantrell are at Portland, Ore., having a good visit with their oldest son, Guy L. Cantrell, and family.

J. E. Whorton and J. E. Alderson are each getting new light plants to be installed soon.

Word was received early Saturday morning at Chapin of the death of Mrs. James Guinane in a Chicago hospital, where she had gone for an operation for cancer.

Mr. Guinane left for Chicago immediately on receipt of the sad news.

The new Wabash time card at Chapin is as follows: No. 3, west-bound, at 6:30 a. m.; No. 53 at 10 a. m.; No. 9 at 12:47 p. m.; No. 15 at 5:44 p. m.; east-bound, No. 28 at 12:05 a. m.; No. 4 at 7:53 a. m.; No. 52 at 4:51 p. m.; No. 12 at 8:30 p. m.

PIG CLUB ENTRIES

There are now thirty eight registered contestants in the pig raising contest according to a statement issued at the Farm Bureau yesterday. The pigs were distributed July the second and most of the contestants received their instructions then and also a book in which to keep their account.

This literature was mailed to all who had not yet been supplied yesterday.

PARIS CLEANERS AGAIN WHIP INDEPENDENTS

Win Hard Fought Game by 1 to 0 — Dove Tied in Pinches — Indies Pull Triple Play.

In one of the hardest fought games of the season the Indies again bowed to the Paris Cleaners of Springfield at South Side park Sunday by a score of 1 to 0.

It was one of the fastest battles ever seen on a local field and both teams pulled some nifty fielding stunts. In the eighth inning the locals made a triple play. It was so fast the spectators did not realize for some minutes what had happened.

In the eighth Dunham first up singled. He took second when

Riggs threw wild to first to catch him napping. Vaughn followed with a single sending him to third. Vaughn stole second.

With none down it looked bad for the Indies. The infield moved in and Richards hit sharply to Briggs. Vaughn was off with the crack of the bat. He reached third just as Denny received Briggs' toss. Denny tagged Vaughn and then had Durham between third and home. Dunham dashed for the pan and was retired by Grady on Denny's peg. Grady whipped the ball to first and Richards broke for second and was retired by Ruble on Wheeler's throw. During the afternoon Springfield engineered two double killings and the Indies one.

It was largely a pitchers battle between Dove and Riggs. The latter pitching his first full game for the Indies showed a lot of stuff. Tho he was nipped for eight safeties he pitched an excellent game and was tight in the pinches. It was pitching that would win most ball games.

Dove allowed but four safeties. Three times the Indies got a runner on the third corner but were unable to get the count over as Dove was always master of the situation. He was given excellent support by Fernandez, Waiting, Dunham and Jewell.

For the locals Denny played a great game at third base. During the afternoon he accepted eleven chances. He got one off Dunham's bat that was going a mile a minute and in the ninth made a fine catch of a foul off the bat of Maurer away back of third base line.

The Cleaners scored the lone run of the game in the fifth. Maurer, first up hit for two bases and took third while Denny was throwing out Kroeschner. Then with Dove up Denny and Grady got their signals crossed and Denny started to cover third as Dove hit the ball and it went to left field for a safety.

GRAND CIRCUIT OPENS ON FT. MIAMI TRACK

TOLEDO, O., July 12.—The opening of Grand Circuit racing on the Fort Miami track was featured today by spirited competition and fast racing.

Murphy, Valentine, Dodge and Vic Fleming shared the honors of driving winning steeds. Murphy took the 2:15 trot behind Red Russell; Valentine captured the big end of the Fort Meigs \$3,000 stake for 2:09 pacers behind Red Lancelot; Dodge won with Great Britton the Sherwood 212 trotting stake and Fleming, a Canadian driver, took three straight heats in the 2:12 pace for \$1,100. A big upset came when Voltage picked as the favorite in the colt stake lost to Miss Em.

GRAND CIRCUIT OPENS ON FT. MIAMI TRACK

TOLEDO, O., July 12.—The opening of Grand Circuit racing on the Fort Miami track was featured today by spirited competition and fast racing. Murphy, Valentine, Dodge and Vic Fleming shared the honors of driving winning steeds. Murphy took the 2:15 trot behind Red Russell; Valentine captured the big end of the Fort Meigs \$3,000 stake for 2:09 pace; Grimsby, a Canadian driver, took three straight heats in the 2:12 pace for \$1,100. A big upset came when Voltage picked as the favorite in the colt stake lost to Miss Em.

NOTICE WHEEL TAX DELINQUENTS

Here's your chance to get back into the game—to make capital of your flying ability developed in Uncle Sam's service. Here's your chance to acquire a real plane of your own at a price no higher than you would have to pay for a good motor car. It's an unprecedented opportunity to combine pleasure and profit that may never occur again. Act at once if you want to secure one of these bargains.

Group 1 We offer for quick sale a few J. 1 STANDARDS with O X 5 Motors, Brand New Ships and brand new Motors, at \$2500. Every flyer knows these ships, and many will take advantage of this special price.

Group 2 J. 1. STANDARDS, New, with Overhauled O X 5 Motors, at \$2150

Group 3 J. N. 4 D's and CURTISS CANADIANS, O X 5 Motors, completely rebuilt by Curtiss Factory Experts. \$2000 to \$3000.

PLANES ALL GUARANTEED TO BE IN A-1 CONDITION

You Live Business Men Who Want Good Advertising at Low Cost!

The aeroplane is the newest and most effective kind of advertising and the fastest form of transportation known. You can use one for delivering merchandise, carrying passengers, giving exhibitions, and any number of other publicity stunts, as well as enjoying the sport and saving time in your personal use. There's an ex-service man in your town who will jump at the chance of handling one of these planes for you. Aeroplanes use less gasoline for mileage covered than an automobile, and upkeep expense is small.

You Doctors, Photographers, Engineers, Architects, Real Estate Men and others—

Here's a chance to combine the greatest of sports with real utility. The aeroplane is not only the method of travel of the future—it is one of the great big utilities of the present. It is now being successfully used in a score of varied lines by men who love the sport and appreciate the time saved by flying. You can easily find a pilot who will teach you to fly. Consider these offers seriously, from a business standpoint—then get in touch with us.

You Progressive Americans Who Fly and Are Interested in Flying—

You may never get another chance to take up flying for pleasure and profit, at small expense. Communicate with us at once. Let us know which group you are particularly interested in, and we will supply full information. Use the Coupon.

M. H. Fields and H. D. Revelle
of Fredericktown, Mo., were driv-
ing north of the Wabash near the
Spaulding corner when Dr. A. E.
Prince, Springfield, came around
the corner in his Essex car and
ran into the Overland driven by
Mr. Revelle. The doctor's car
was badly damaged and the other
was to some extent. The driver
said he had not been there to
break the force of the doctor's
car the Essex would have dashed
into a telephone pole near by and
killed the occupants. Joy Brothers
went out and brought in the
damaged machines yesterday
morning and sent the Missourians
on their way rejoicing.

Social Events

Sunday Party at Nichols Park
Sunday Messrs. Andrew Detner and Fred Myers and Misses Mildred and Arlow Shoemaker enjoyed an all day picnic at Nichols park. They brought with them an abundance of good things to eat and enjoyed a pleasant day.

Family Gathering For Missionaries.
Mention was recently made of the expected visit of Rev. R. A. Hume and wife, who are missionaries to India.

Mrs. Hume is the daughter of the renowned Rev. Samuel Fairbanks, who is a brother of Rev. J. B. Fairbanks, D. W. Fairbanks and J. C. Fairbanks, formerly of Jacksonville.

Last evening Mrs. J. C. Fairbanks invited all the branches of the Fairbanks family and a number of immediate neighbors to her home to meet Rev. and Mrs. Hume.

It was a happy time, and the doctor was kept busy telling about India and answering questions in regard to the missionary work in India.

Mrs. Fairbanks served light refreshments on the lawn during the evening.

Opportunity Class Meeting With Mrs. Blackburn.
The Opportunity Class of the Grace M. E. Church held their regular monthly meeting last evening at the home of Mrs. Fletcher Blackburn, 605 North Church street. The assistant hostesses were Miss Luella Blackburn, and Mrs. J. Edgar Martin. Mrs. J. J. Reeve is president of the class.

During the business session the following committee was appointed to make arrangements for a picnic to be held the latter part of the month. Mesdames Richard Meldrum, R. A. Gates, H. T. Mohn and J. J. Reeve.

The following program was given:
Piano duet — Mrs. Fletcher Blackburn and Mrs. J. Edgar Martin.

Reading—Mrs. Herbert Capps. Piano solo—Mrs. E. D. Canatsey.

Reading—Mrs. Leroy Potter. Violin solo—Miss Suzanna Rinehart.

The hostess served light refreshments during the social hour which followed the program.

Bridge Party In Honor Of Mr. and Mrs. Merrill.
Mr. and Mrs. Ralph Richardson of 343 South Diamond street entertained the members of the San Souci outing club last evening at a bridge party in honor of Mr. and Mrs. Lloyd Merrill of Memphis, Tenn., who are visiting at the home of Mr. Merrill's parents, Mr. and Mrs. James Merrill on West College avenue.

Prizes were won by Mrs. Fred Hopper and Mrs. Ray Hartman. Those present were: Mr. and Mrs. Lloyd Merrill, Mr. and Mrs. George Vasconcellos, Mr. and Mrs. Ray A. Hartman, Mr. and Mrs. Floyd Butterfield, Mr. and Mrs. Fred Hopper and Miss Irene Merrill.

Loyal Women's Class of Christian Church Held Picnic.
The annual picnic of the Loyal Women's class of Central Christian church was held at Nichols park Monday evening. There were 100 persons present and all enjoyed the event in the full. Huge baskets filled with all sorts of appetizing articles of food were taken to the park and when all the good things were spread upon the tables it was indeed an inviting array. Following the supper some time was spent in a pleasant social way.

The class is taught by Miss Eleanor Thompson and is made up of married women of the Sunday school. At the annual picnic each member is privileged to invite her husband and children, so the event is in reality a delightful family affair. Each year the members look forward to the picnic with great pleasure and the event this year was voted one of the best held by the class.

GRACE SUNDAY SCHOOL TEACHERS MEET

The officers and teachers of Grace Sunday school motored out to the beautiful country home of Dr. and Mrs. A. B. Applebee last evening, where they enjoyed a beautiful supper.

The reports of the various department superintendents were all of a very encouraging nature. The teachers have been extra loyal during the summer vacation. The general superintendent reported an average attendance of 226 against 176 for the same period last year. This is a very gratifying increase and shows the Sunday school to be in a healthy condition and more than holding its own during the summer vacation.

Liberty Aid Society festival Tuesday evening, July 13. Home made sandwiches, coffee, ice cream and cake, at Denby Killam's residence on Liberty road, west of city.

BROOKLYN AID MEETING.

The Ladies' Aid society of Brooklyn church will meet Wednesday afternoon at 2:30 o'clock on the church lawn. The hostesses will be Mrs. Walters, Mrs. Reeve, Mrs. Belzer and Miss Coheen.

THOSE CITY CHILDREN

The committee to find homes for two weeks for the city children is still at work and hopes to succeed in securing places for the full number. It would seem as if there should be no trouble in this matter but people don't all see everything alike. Several persons have kindly furnished automobiles and drivers and by tomorrow night, which is the limit, it is indeed hoped that the task will have been accomplished. Ladies are visiting the country and will continue to do so till tomorrow night and next day word must be sent to Chicago announcing the result.

NOTICE! O. E. S. WILBUR CHAPTER, and ROYAL ARCH MASONS

All Royal Arch Masons and their families and members of Wilbur Chapter 358 O. E. S., and their families are cordially invited by Jacksonville Chapter No. 3 R. A. M. to attend an entertainment in Masonic Hall Wednesday evening, July 14, at eight o'clock.

W. P. Spillman, E. H. P. John R. Phillips, Secy.

FUNERAL TODAY.

The funeral of Jessie Baker will be held from Union Baptist church at 10 o'clock this morning in charge of the Rev. F. M. Crabtree. Burial will be in Union cemetery.

A LOVER OF BIRDS.

If all the people in the country loved birds as does Miss Ann Jackson, 843 South Main street, and if a small part of the people were as successful in caring for the dear little creatures as is this worthy young lady there would be far more feathered songsters in the land and fewer noxious insects and weed seeds.

The young lady might almost be said to make a specialty of taking in forsaken birdlings and rearing them to maturity and independence. It will sometimes happen that storms or other causes result in the bird babies being thrown from the parent nest and generally dying or falling prey to predatory cats. Miss Jackson has reared seventeen robins to maturity and takes great delight in it.

Not long since a neighbor, knowing the young lady's peculiar talent sent her a homeless robin fledgling and about the same time two were lost from a nest on her own premises and yesterday the writer had the pleasure of a call and seeing the kind benefactress. The robins will soon be ready to fly away, but meantime they are happy in their home. They will sit on Miss Jackson's finger and have no fear of her whatever. She gets them worms as far as possible but she can supply only a small part of their wants thus so she gets scraps of meat, cottage cheese, soaked crackers and various things and the birds thrive on their diet. She has a pair of pliers with which she picks up the food and drops it into their open beaks as long as they are hungry. It is delightful to see her and her sweet pets.

She calls them respectively "Peter," "Wendy," and "Willoughby," though it can hardly be said they know their names.

Some time since she had one which she had thus reared and when it was older, like Noah's dove, it didn't return at night but came back next day far a feed. Next day she saw it in the mulberry tree feasting and concluded it was ready to emigrate. A day or two later it came back simply to make a call; sat about the back door and twittered to the family, awhile as if carrying on a conversation and then departed.

People should remember the strict laws regarding the destruction of birds. It is a federal statute. Anyone killing a song bird or insect and seed eating bird is liable to severe punishment. Crows, down blackbirds, English sparrows, bluejays and one kind of hawk may be killed at times and game birds in season and no other. The law is good and should be rigidly enforced.

GRACE SUNDAY SCHOOL TEACHERS MEET

The officers and teachers of Grace Sunday school motored out to the beautiful country home of Dr. and Mrs. A. B. Applebee last evening, where they enjoyed a bountiful supper.

The reports of the various department superintendents were all of a very encouraging nature. The teachers have been extra loyal during the summer vacation. The general superintendent reported an average attendance of 226 against 176 for the same period last year. This is a very gratifying increase and shows the Sunday school to be in a healthy condition and more than holding its own during the summer vacation.

Liberty Aid Society festival Tuesday evening, July 13. Home made sandwiches, coffee, ice cream and cake, at Denby Killam's residence on Liberty road, west of city.

BROOKLYN AID MEETING.

The Ladies' Aid society of Brooklyn church will meet Wednesday afternoon at 2:30 o'clock on the church lawn. The hostesses will be Mrs. Walters, Mrs. Reeve, Mrs. Belzer and Miss Coheen.

THOSE CITY CHILDREN

The committee to find homes for two weeks for the city children is still at work and hopes to succeed in securing places for the full number. It would seem as if there should be no trouble in this matter but people don't all see everything alike. Several persons have kindly furnished automobiles and drivers and by tomorrow night, which is the limit, it is indeed hoped that the task will have been accomplished. Ladies are visiting the country and will continue to do so till tomorrow night and next day word must be sent to Chicago announcing the result.

NOTICE! O. E. S. WILBUR CHAPTER, and ROYAL ARCH MASONS

All Royal Arch Masons and their families and members of Wilbur Chapter 358 O. E. S., and their families are cordially invited by Jacksonville Chapter No. 3 R. A. M. to attend an entertainment in Masonic Hall Wednesday evening, July 14, at eight o'clock.

W. P. Spillman, E. H. P. John R. Phillips, Secy.

FUNERAL TODAY.

The funeral of Jessie Baker will be held from Union Baptist church at 10 o'clock this morning in charge of the Rev. F. M. Crabtree. Burial will be in Union cemetery.

A LOVER OF BIRDS.

If all the people in the country loved birds as does Miss Ann Jackson, 843 South Main street, and if a small part of the people were as successful in caring for the dear little creatures as is this worthy young lady there would be far more feathered songsters in the land and fewer noxious insects and weed seeds.

The young lady might almost be said to make a specialty of taking in forsaken birdlings and rearing them to maturity and independence. It will sometimes happen that storms or other causes result in the bird babies being thrown from the parent's nest and generally dying or falling prey to predatory cats. Miss Jackson has reared seventeen robins to maturity and takes great delight in it.

Not long since a neighbor, knowing the young lady's peculiar talent sent her a homeless robin fledgling and about the same time two were lost from a nest on her own premises and yesterday the writer had the pleasure of a call and seeing the kind benefactress. The robins will soon be ready to fly away, but meantime they are happy in their home. They will sit on Miss Jackson's finger and have no fear of her whatever. She gets them worms as far as possible but she can supply only a small part of their wants thus so she gets scraps of meat, cottage cheese, soaked crackers and various things and the birds thrive on their diet. She has a pair of pillars with which she picks up the food and drops it into their open beaks as long as they are hungry. It is delightful to see her and her sweet pets.

She calls them respectively "Peter," "Wendy," and "Willoughby," though it can hardly be said they know their names.

Some time since she had one which she had thus reared and when it was older, like Noah's dove, it didn't return at night but came back next day far a feed. Next day she saw it in the mulberry tree feasting and concluded it was ready to emigrate. A day or two later it came back simply to make a call; sat about the back door and twittered to the family, awhile as if carrying on a conversation and then departed.

People should remember the strict laws regarding the destruction of birds. It is a federal statute. Anyone killing a song bird or insect and seed eating bird is liable to severe punishment. Crows, down blackbirds, English sparrows, bluejays and one kind of hawk may be killed at times and game birds in season and no other. The law is good and should be rigidly enforced.

Social Events

Sunday Party at Nichols Park

Sunday Messrs. Andrew Detner and Fred Myers and Misses Mildred and Arlow Shoemaker enjoyed an all day picnic at Nichols park. They brought with them an abundance of good things to eat and enjoyed a pleasant day.

Family Gathering For Missionaries.

Mention was recently made of the expected visit of Rev. R. A. Hume and wife, who are missionaries to India.

Mrs. Hume is the daughter of the renowned Rev. Samuel Fairbanks, who is a brother of Rev. J. B. Fairbanks, D. W. Fairbanks and J. C. Fairbanks, formerly of Jacksonville.

Last evening Mrs. J. C. Fairbanks invited all the branches of the Fairbanks family and a number of immediate neighbors to her home to meet Rev. and Mrs. Hume.

It was a happy time, and the doctor was kept busy telling about India and answering questions in regard to the missionary work in India.

Mrs. Fairbanks served light refreshments on the lawn during the evening.

Opportunity Class Meeting With Mrs. Blackburn.

The Opportunity Class of the Grace M. E. Church held their regular monthly meeting last evening at the home of Mrs. Fletcher Blackburn, 605 North Church street. The assistant hostesses were Miss Luella Blackburn, and Mrs. J. Edgar Martin. Mrs. J. J. Reeve is president of the class. During the business session the following committee was appointed to make arrangements for a picnic to be held the latter part of the month, Mesdames Richard Meldrum, R. A. Gates, H. T. Mohn and J. J. Reeve.

The following program was given:

Piano duet—Mrs. Fletcher Blackburn and Mrs. J. Edgar Martin.

Reading—Mrs. Herbert Capps. Piano solo—Mrs. E. D. Canatsey.

Reading—Mrs. Leroy Potter. Violin solo—Miss Suzanna Rinehart.

The hostess served light refreshments during the social hour which followed the program.

Bridge Party In Honor Of Mr. and Mrs. Merrill.

Mr. and Mrs. Ralph Richardson of 343 South Diamond street entertained the members of the San Souci outing club last evening at a bridge party in honor of Mr. and Mrs. Lloyd Merrill of Memphis, Tenn., who are visiting at the home of Mr. Merrill's parents, Mr. and Mrs. James Merrill on West College avenue.

Prizes were won by Mrs. Fred Hopper and Mrs. Ray Hartman.

Those present were: Mr. and Mrs. Lloyd Merrill, Mr. and Mrs. George Vasconcellos, Mr. and Mrs. Ray A. Hartman, Mr. and Mrs. Floyd Butterfield, Mr. and Mrs. Fred Hopper and Miss Irene Merrill.

Loyal Women's Class of Christian Church Held Picnic.

The annual picnic of the Loyal Women's class of Central Christian church was held at Nichols park Monday evening. There were 100 persons present and all enjoyed the event in the full. Huge baskets filled with all sorts of appetizing articles of food were taken to the park and when all the good things were spread upon the tables it was indeed an inviting array. Following the supper some time was spent in a pleasant social way.

The class is taught by Miss Eleanor Thompson and is made up of married women of the Sunday school. At the annual picnic each member is privileged to invite her husband and children, so the event is in reality a delightful family affair. Each year the members look forward to the picnic with great pleasure and the event this year was voted one of the best held by the class.

AUTO TRAVELERS.

Mrs. F. B. Linard and daughter, Mrs. F. M. Gleason, of Bartlesville, Okla., arrived in the city yesterday in their Buick car, enroute to Gaylord, Mich. They said they had traveled thus far without incident or accident and both looked as if the journey was well agreeing with them. They put up at hotels at night, as being alone they deemed it hardly wise to camp by the way.

With Sugar High In Price

Thoughtful people naturally turn to

Grape-Nuts

for their cereal food

It contains its own sugar; and its sweet nut-like flavor developed from the grains make it attractive to the taste.

The cost is moderate. Every bit is eatable, and the sound building quality of Grape-Nuts, combined with easy digestibility, makes it a family favorite.
